JEROME V. KELLY

Jerry Kelly was born in Ottawa, Illinois and graduated from the University of Detroit. He came to Northern Palm Beach County in 1949 from Michigan, after a successful career in radio and television sales and distribution. It was then that he established Kelly Bros. Real Estate, which he still serves as President.

His love affair with Northern Palm Beach County impelled him to develop Yacht Harbor Estates and Yacht Harbor Manor on Singer Island. He later developed Pleasant Ridge and The Meadows Mobile Home Park.

Mr. Kelly was a close friend and business associate of John D. MacArthur and worked closely with him in founding the City of Palm Beach Gardens. He was instrumental in locating the RCA plant in that City, and in the development of the PGA National Golf Club (now known as J.D.M. Country Club). He served as Chairman of their Board for 14 years.

Jerry Kelly is an active member of many civic groups and organizations and was a charter member of the first Palm Beach County Area Planning Board. Northern Palm Beach County has been the beneficiary of his vast experience in community development.
